COMMENTS FROM THE TOWN MANAGER'S OFFICE

Although I am not working this week, I will follow with my usual brief comments. I am attending the New England Managers Institute at the University of Maine. The theme of the institute this year is "The Sociological, Economic and Political Factors Affecting New England Communities." The program should be a lot more interesting than the one I attended in 1958 when the theme was planning. Among this year's speakers are leaders in Federal, State, and Local Governments as well as many of the leading business men of Maine and New England.

It is helpful to know that Bethel is not the only town with a great increase in taxes this year. Having talked to several other managers, I have learned of other towns with increases as large and larger than ours. Unfortunately this doesn't help pay your tax bill but I would again like to invite anyone to pay their tax bill in installments if it will help any.

GOULD '10-'11 CLASSES HOLD REUNION SUNDAY

The annual reunion of the classes of 1910 and 1911, Gould Academy, was held Sunday afternoon at Ladd's Wayside Inn, Mayville. School days were reviewed and much news of the intervening period brought up to date before, during and after an enjoyable banquet. Notes from members unable to attend were read and the invitation to meet next year at the home of Mr. and Mrs. Cedric Judkins at Upton was accepted. Named to the committee for the 1963 reunion are the Misses Methel and Ida Packard, Cedric Judkins, and Carl Brown.

Present were: Mr. and Mrs. Parker Russell and Mr. and Mrs. Winfield Howe, Hanover; Mr. and Mrs. Harry Rand, Harrington; Mr. and Mrs. Clifton Bean, Mrs. Helen Bean, Rumford; Mr. and Mrs. Cedric Judkins, Andre Bernier, Upton; Miss Methel and Ida Packard, Mr. and Mrs. Carl Brown, Bethel.

TUITION EXPENSE GROWS

The headline of the high school tuition article in last week's Citizen was incorrect. The amount of \$13,500 is required to meet the present year's needs. The recommended figure of \$105,000 was raised at the March meeting, but because of a new method of figuring tuition rates another \$13,500 is needed. According to this year's school report tuition paid to Gould Academy was \$73,498.01 and to Woodstock High School \$7,177.76—total of \$80,675.77. Larger entering classes will account for part of the added costs.

If a man stands with his right foot on a hot stove and his left foot in a freezer, some statisticians would assert that, on the average, he's comfortable.—Executives' Digest.

The Week in Oxford County

Thirty-six "Candy Strippers" have completed a course in the Volunteer Junior Aide Program at the Rumford Community Hospital. They are now working designated hours throughout the hospital. They are working towards their "caps."

Norman K. Ferguson, state senator and selectman from Hanover, has been named a member of the American Municipal Association's transportation committee and the subcommittee on highways. The subcommittee will meet during the annual American Municipal Congress in Philadelphia, Pa., August 25, at the Sheraton Hotel.

A large set of buildings, a "landmark" in Bryant Pond village, is being razed. The present owner is James Clark, who operates a restaurant near by. The home was built in 1868 for Stephen P. Rowe.

Heavy thunderstorms have been prevalent during the week. Hail has been reported from

some sections. A large tree was uprooted in North Waterford which struck the post office breaking several windows. Some orchards most seriously hit were reported by Charles Fillebrown of Waterford and those of Wilson and Frank Morse of East Waterford.

The Oxford County Sheriff's Department investigated a break at the Oakdale Country Club, Mexico. Reportedly almost \$1000 worth of merchandise was taken some time during the week end. Most of the goods have been recovered.

Mr. and Mrs. Ray Tyler, Sr., of Hebron, celebrated their 50th wedding anniversary. Elder Alton Verrill who officiated at their wedding was present.

Crankshafts ground in cars, trucks and tractors. In or out of motors.

New Steel Work Outlines Bingham Hall

Excellent progress is still reported at the Bingham Hall construction at Gould Academy. Much of the steel work was erected last week and all of it is expected to be in place before the end of the month. The steel and concrete floor of the gymnasium is taking shape and the brick work is proceeding.

Work on the new boilers in the rear of the basement in the Bingham gym section will be finished by Sept. 1. At the field house the track is being rebuilt and new drainage has been installed. Forty are employed in the Academy construction and rebuilding project.

SALVATION ARMY APPEAL CONTINUES

Residents of Andover, Greenwood, Woodstock, Newry and Hanover who have not yet contributed to the current mail appeal of The Salvation Army are urged to send their gift to the Treasurer, Mrs. Ordell Anderson, Bethel.

Gifts in any amount are most acceptable and contributors are reminded that one dollar out of every five remains in this area to be used by the local Service Unit Committee for direct welfare. The remainder is used by The Salvation Army to help maintain a wide variety of programs for children, shut-ins, servicemen, and the aged.

THE AMERICAN WAY

HELP! THEY'RE ROBBING WIDOWS AGAIN!

(EDITOR'S NOTE: Harry Browne is the Associate Editor of "American Progress" Magazine; and Managing Editor of American Way Features, Inc.)

Loud and clear, throughout the land, the politicians are calling for a tax cut. They propose to reduce income taxes—claiming that this will put more money into the hands of the consumer, thereby stimulating the economy. Is that really what will happen? Let's trace the inevitable chain of events:

1. The government lowers income taxes—let's suppose it cuts \$9 billion.

2. The government's deficit for the current fiscal year is thereby increased by \$9 billion.

3. In order to finance the increased deficit, the Treasury Department sells additional bonds, totaling \$9 billion, to the banks of the Federal Reserve System.

4. The Reserve System pays for the bonds by issuing the equivalent in new paper money (Federal Reserve Notes).

5. These notes increase the amount of money in circulation (by \$9 billion), thereby decreasing the total value of all money already in circulation (\$9 billion). Since only the supply of dollars is increased, while the supply of commodities remains the same, each commodity will inevitably equal more dollars. We call these rising prices "inflation."

6. Those who receive the income tax cuts may not be hurt by the inflation, because they can obtain cost-of-living pay raises. But senior citizens, widows, disabled veterans and others living on fixed savings will be forced to make up the difference—by having their money worth less than before the tax cut was instituted.

7. Thus, the \$9 billion tax load is shifted from the wage-earners (whom the politicians usually call "those with the ability to pay") to the poor widows and others who can least afford it. This is the result of inflation.

In other words, a "redaction in taxes" without an equal re-

TYLER - FARRAR

In a ceremony at the Methodist parsonage Saturday evening, Benjamin Tyler and Mrs. Sybil Farrar were united in marriage by Rev. Richard Hamilton. The couple were attended by Dean Farrar and Mrs. Edith Smith.

A reception was held following the ceremony at the Tyler homestead, East Bethel road. Those attending were Mr. and Mrs. Lawrence Tyler and family, Mrs. Mildred Swinton, Mr. and Mrs. Richard Tyler, Mr. and Mrs. Leonard Tyler, Mrs. Louise Jordan, Mr. and Mrs. Dean Farrar, Mr. and Mrs. Leo Tardiff, Mr. and Mrs. Homer Smith, Jr., Carlton Tyler, Richard Tyler, Phillip Coolidge, Mrs. Annie Jordan, and Mr. and Mrs. Benjamin Tyler.

duction in federal spending is nothing but fiction. It is just a shifting of the load to areas we don't watch as closely. To gain favor with the wage-earner, the politician turns to robbing widows again!

Let's make a motion to bring about real taxpayer relief. Here's how it works:

1. Cancel all foreign aid for a starter. If the nation is as bad off as the government says, we obviously can't afford to support alien governments around the world. This will save \$4.5 billion.

2. Eliminate all farm subsidies, price supports, soil bank, and other agricultural subsidies. That would save our widows about another \$4.5 billion.

3. Thus, we will have saved \$9 billion for the government this year, without losing a penny's worth of service. This will save the average family \$225 in taxes. And that will be true relief, not the sleight-of-hand variety.

In fact—for real relief, let's pass the Liberty Amendment. That will compel the government to give up all of its wasteful, unconstitutional activities—thus providing for complete repeal of income taxes.

That will certainly "get the economy moving"—as well as restoring our lost liberties—and it will be the American Way.

Mr. and Mrs. Bradley Barker

Announcement is made of the marriage of Miss Judith Jenne Currier, daughter of Mr. and Mrs. John Currier, Vernon Street, Bethel, to Bradley Raymond Barker of Bethel, son of Mrs. Beatrice Barker of Bethel Street, Norway, and LeRoy Barker of Bethel, which took place August 17 at 8 p. m. at the Bethel Methodist Church.

The double ring ceremony was performed by Rev. Richard Hamilton, Mrs. Donald Brown, organist, played the wedding music. Bouquets of white gladioli decorated the altar.

Given in marriage by her father, the bride wore a ballerina length gown with a lace bodice with Sabrina neckline, decorated with sparkling seed stones and long pointed sleeves and a full skirt, fashioned of Chantilly lace scalloped on the bottom, the back of the gown had tiers of ruffled tulle. Her veil of silk illusion was at-

tached to a pearl crown, and she carried a bridal bouquet.

Attending the bride as maid of honor was Lorraine Olson, friend of the bride, Robert Burns, Lewiston, served as best man.

The ceremony was followed by a reception at the home of the bride's parents on Vernon Street.

Mrs. Rosabelle Tift circulated the guest book at the reception and supervised the gift display.

Mr. and Mrs. Barker will reside at 17 Riverside St., Lewiston, after their wedding trip to an undisclosed destination. For traveling, the bride wore a white linen suit with blue accessories.

Mrs. Barker graduated from Gould Academy in the class of 1962 and Mr. Barker graduated in the class of 1960 from Gould Academy, Bethel. Mr. Barker is employed by the Central Maine Power Co., Lewiston.

PIPER - SWAN

The West Parish Congregational Church was the scene of an attractive wedding, July 14, at 7 p. m. when Miss Gloria Swan, daughter of Mrs. Carl Swan, Jr., Bethel, became the bride of Sherman Piper, son of Mr. and Mrs. Edmund Piper, Rumford. Rev. Clifford Laws, pastor, performed the double ring ceremony. Wedding music was played by Miss Carol Flint, Bethel.

The bride, given in marriage by her brother, Clayton Swan, wore a floor length gown of satin. The fitted bodice was fashioned with a scoop neckline and short sleeves. Her illusion veil was attached to a white crown trimmed with sequins and seed pearls. She carried a white Bible decorated with red roses and white streamers.

Miss Edna Piper, sister of the bridegroom, served as maid of honor. Her ballerina length gown was fashioned of yellow taffeta and she wore an imitation hat style and carried a colonial bouquet.

A friend of the bridegroom, Carl Mines, was best man, John Grant, brother-in-law of the

bride, and Burton Parker, brother-in-law of the bridegroom, were ushers.

A reception followed in the church chapel. The guest book was circulated by Mrs. Lawrence Paine, sister of the bridegroom. The gift table was presided over by Mrs. John Grant, sister of the bride, and Mrs. Charles Clifford, aunt of the bridegroom. Refreshments were served by Mrs. Clayton Swan, sister-in-law of the bride, and Mrs. Burton Parker and Miss Donna Piper, sisters of the bridegroom, and Mrs. Phillis Lowe, cousin of the bridegroom. Mrs. Bernice McIntire, sister of the bridegroom, cut the cake.

The bride attended Gould Academy. Mr. Piper is a graduate of Mechanic Falls High School and is employed by his father at the Piper Vault Company, Rumford.

After a wedding trip to New Hampshire, the couple is residing in Dixfield.

Read I Corinthians 13:1-7

Let brotherly love continue. Be not forgetful to entertain strangers: for thereby some have entertained angels unaware. (Hebrews 13:1-2.)

Once when Mother was preparing our morning meal, we heard an urgent knock at the door. Father opened it, and there stood a stranger in the bitter cold. His white hair and flowing beard denoted great age. His apologetic manner in asking for "a bite to eat" touched my parents' hearts with compassion.

Later, in our breakfast room this man sat with bowed head. This prompted Father to ask him kindly, "Would you like to offer the blessing?"

Quietly, and with deep reverence, the stranger spoke warm words of gratitude to

God for guiding him to our home.

His parting words were so full of emotion, we scarcely heard him say, "God bless you."

No greater tribute could be paid the memory of my parents than this—they lived by the golden rule, loving as Jesus loved.

PRAYER: Loving Father, we thank Thee for the gift of Christians—Parents and friends—who have taught us much about unselfish love. May we be ever mindful of the needs of others. Teach us most of all, to love as Jesus loved. In His name, Amen.

Thought For The Day: Golden deeds prompted by Christlike love can make heaven on earth.

COUNTRY FLAVOR

SALAD CULTURE

All the great civilizations of the past have been distinguished by certain philosophies. It seems likely a millenium hence that the current era will be designated by historians as the Salad Epoch in American history.

If you remember the flavorful, less-hurried years of half a century ago, you know that the citizens were happy to go through life at eight miles an hour behind a chunky Morgan roadster. People lived on meats, potatoes, vegetables and fruits in season. A good housewife jarred up wild strawberries, cherries and blueberries for juicy pies come the cold and snow of winter.

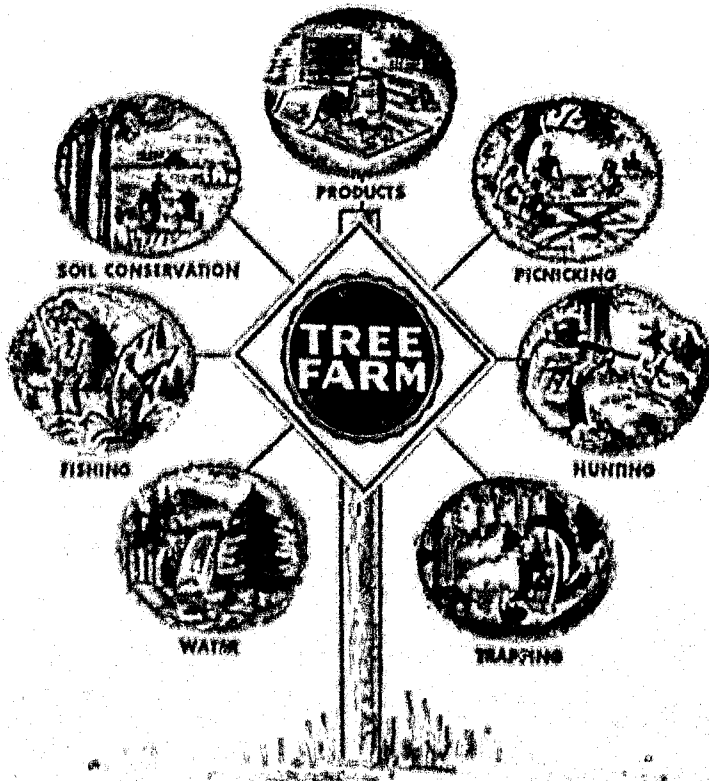

Food was honest, substantial and filling. No one worried over a few extra vitamins and a few dozen mysterious minerals. (Caloric gremians had not been invented to plague a man who enjoyed cream gravies, good puddings and delectable pies with plenty of heavy cream and a sprinkling of sugar.

Now a man whose center circumference is swelling a bit, frequently sits down to a meal of greenery. Men and women become locally famous for what is labelled a tossed salad. An enterprising man takes on the job of preparing it. The ritual is complicated, detailed and solemn.

A chunk of garlic is whisked around a wooden bowl, exactly one sixteenth of an inch from the wood. Greenery is never cut, it is torn. A man stands straight and proud; he droozles 14 drops of his own secret oil dressing into the haycock; he lifts and drops the green stuff tenderly and solicitously.

Guests watch with round eyes and open mouths and produce the expected compliments. This salad business is not to be taken lightly. The countryman isn't opposed to green stuff. It is good for hens and cows and should be good for homo sapiens. All he asks is that members of the Salad Cult refrain from taking the affair too seriously and give him plenty of meat and potatoes, a good vegetable and a quarter of a juicy apple pie for dessert.

DON'T BE A "HURRY BUG"

"How can anyone who is agitated and jittery, straining to get every advantage in the traffic stream, forever pecking at his watch, passing improperly, grabbing the right of way, etc. —how can he possibly stay out of really serious traffic trouble?" question the State Police.

In answer to the above question, they point out that such a "Hurry Bug" is bound to wind up eventually in highway difficulties. He just cannot get away with that type of driving indefinitely.

"This type of driver pays little attention to the conditions around him," the police added. "Rain, fog, slippery streets, or mechanical trouble with his car never cause him to slow down. Even his own physical or mental state is not considered. Even when he is ill, tired, or worried, he drives at the same speed—making no allowance for the fact that he is not at his best."

"One of the best ways to avoid the 'in-a-hurry' complex is to plan trips well in advance, making certain that plenty of time is allowed for the distance to be covered, and that some reasonable margin is left for unforeseen delays. A driver who is trying to beat a deadline is a menace to everyone on the road — including himself. He takes chances he never would consider taking, were he on time or a bit ahead of schedule."

"Hurrying on the road," concluded the enforcement group, "skyrockets your chances of becoming involved in a serious accident — and failure to fit driving conditions multiplies the odds against you...."
